- 2) Business class allocation is based on the financial commitment by the WL of previous flights to undertake 2 mandatory PCR without any confirmation from MAS to fly. In the event that there are no more business seats available, these WL will also be seated at the EXTRA LEG ROOM SEATS.
- 3) MAS will proceed with the 150 pax or 287 pax aircraft, depending on how many will pay by the deadline. If there is less than 150, the plane will not take off till it meets the quota. if there is less than 200 pax, only the first 150 will fly. The rest will have to wait, till there is enough 150
- 4) If there is 287 pax, the bigger aircraft will fly. if less, only 150 pax will fly first. The remaining would have to wait till the quota numbers is met.
- 5) The decision for the aircraft will also depend on the number of Waiting List. In the 8/8 flight about 20 students needed to be replaced with those in the Waiting List.

E. WAITING LIST (WL)

- 1) All students in WL must be prepared to bear the cost of the 48hours and 24 hours cost as well to obtain the student visa.

- 3) Student who are unable to fly due to (a) and b) can opt to keep the fare paid for
the next available chartered flight and to top any amount required due to
unavoidable changes in the cost of the charter flight which include cost of fuel,
airport taxes etc.
- 4) No request of refund will be entertained if the students fail to obtain the Green
Health Card from the EoC due to RT-PCR result was processed less than 4
hours.
- 5) No refund will be entertained for a change of mind. Students will be blacklisted
from any future MAS chartered flight.

commercial flight. In any event of refunds, will affect the total cost for the
chartered plane. Until the total cost of the chartered cost is met, the
aircraft cannot take off as scheduled.**
- 7) However, if all passengers agree to share and pay to MAS the amount needed
to meet the charter cost and to bank in immediately with proof of additional

proceed as schedule.

G. PERSONAL HEALTH INSURANCE TO COVER TREATMENT FOR COVID-19 UPON ARRIVAL AND DURING QUARANTINE

- 1) **The Government of Malaysia is also strongly recommending the students
to take a personal medical insurance that covers COVID-19 treatment as
the cost of the treatment will be borne by the students. In the event, if the
students did not purchase any health insurance with such coverage
before the departure, the Government will regard it as an implicit
agreement by the students and family to willingly bear the full financial
responsibilities to cover the cost of treatment in PRC.**

H. PAYMENT WINDOW AND RESPONSES BY STUDENTS

- 1) ALL students need to follow closely the deadline of payment in which MAS has
set in their email for payment. BE ALERT. First to board will be based on the

transaction sequence for each email groups, except for those who was grouped to be WL for the previous flight which made them first to be considered in your group.

- 2) **DO NOT PAY AFTER THE DEADLINE.** You will only make yourselves be deprioritized and will be placed at the bottom of the registration. (imagine if registration keeps growing!!)
- 3) **DO NOT KEEP SILENT AFTER MAS APPROACHED YOU. IF YOU HAVE REAL PROBLEMS TO BOARD or PAY UP ON TIME, IMMEDIATELY EMAIL MAS OFFICIALS with YOUR JUSTIFICATION.** MAS will discuss with me. If you are silent, as we are not mind-readers, we will take your silence as a strong sign that you are not interested anymore or have found other ways to fly back to China.
